

THE MENTORING PROGRAMME

The mentoring programme was launched in 2019, to provide comprehensive support for ISSK students. The mentors are JGU students themselves and, for the most part also graduates of the ISSK.

In this way, the perspective of ISSK students can be better understood and communication at eye level can be ensured.

What do the mentors do?

The mentors are available to ISSK students via various media channels and are always ready to help, from the initial acclimatisation period in Germany up to the application to the university.

Among other things, the following areas are covered:

- Assistance with settling in Germany and at the ISSK
- Assistance with social and academic integration
- Introduction to the educational landscape in Germany and especially the degree programmes at JGU
- Assistance with the application process at JGU

The mentors also organise events during the semester: city and campus rallies, movie nights and much more. In this way, the participants get to know student life in Mainz and have the opportunity to connect with each other.

STUDIENKOLLEG

Why choose the International Preparatory and Language Center (ISSK) at JGU?

- Concise, intensive preparation for the assessment test (Feststellungsprüfung / FSP)
- Competent support from experienced and qualified teaching staff
- The programme lasts just one term
- Mentoring by former ISSK students
- Customised online self-study courses to prepare for the electronic entrance exam
- The possibility of taking the electronic entrance exam in your home country
- Multimedia-equipped classrooms

What does JGU offer students?

- An international campus university in the centre of the Rhine-Main region
- The student union offers around 4,200 rooms in students' residences at ten locations in the city centre
- The semester ticket enables mobility by public transport in the entire Rhine-Main region
- Free admission to the Mainz State Theatre and discounts for many leisure activities
- A varied sports programme on campus with over 70 disciplines

What is important when applying to JGU for the ISSK?

- School-leaving certificates must not be older than one year
- Notarised certificates and translations are required
